

# MATTHEW KARABAIC

## PRESENTATION DESIGNER

### EXPERIENCE

Mar 2014-Present

#### Freelance

As a project-based presentation designer some of the clients I've worked for include Google, Salesforce, VMware, Cisco, Riverbed, Veritas and Dell/EMC.

Nov 2011-Mar 2014

#### Credit Suisse

My primary duties included designing custom presentations and materials for internal clients, creating custom graphics, producing and making edits to presentation materials, and working one-on-one with clients. Additional responsibilities include managing workflow, prioritizing jobs, and responding to client inquiries.

Nov 2010-Apr 2011

#### Sterling Brands

Designed presentations using PowerPoint, as well as Photoshop and Illustrator for all supporting artwork.

Translated highly conceptual ideas into visually representative graphics.

Jun 2009-Oct 2010

#### Dimensional Fund Advisors

Responsible for translating financial copy, data and graphs into visually impressive slides, presentations and other special projects as needed. My primary duties included workflow coordination and the accurate quality assurance of conference, on demand, and study group presentations.

Jan 2003-Feb 2007

#### JP Morgan Asset Management

Formatted financial presentations in a very high-volume department and created Whitepapers, Performance Sheets, web assets and other ad-hoc graphics requests.
